GUINOT CROWN SALON

Can you believe we are half way through the year?!

The children have enjoyed the Whitsun break. All the other children have been revising for the end of school exams- that they will be having the end of June and mid July.

Dana has become 21 and is flying away with all her advanced exam

We are all enjoying on going training pushing the boundaries and thirst of knowledge to continually improve our services.

We have been blessed with some blue sky's, warm sun, flip flops, sunglasses and hopefully sun protection!

What a lovely time for the school holidays. With the warm weather fastly approaching us we really need to thinking about protecting both our skin and hair... It is so important to not only use sun protection when we hit high temperatures abroad but we should be protecting ourselves daily.

All Guinot and Thalgo containing triple protection against UV rays, ageing and dark spots, plus beautiful textures and fragrances, there is something for every skin type.

**AMAZING PRODUCT ALERT** Preparing and protecting from the inside:  
Thalgo Ocea Sun! To enjoy the benefits of the sun throughout the year, OCEA SUN is a concentrate of nutrients essential for the skin:

- a combination of various natural carotenoid pigments, derived from algae and plants, to give the skin a natural, intense and lasting tanned look;
- a powerful complex of anti-oxidants – vitamin E, zinc and selenium – to help protect cells from oxidative stress.

Special DUO Pack offer 2 boxes for £ instead of £

### PROTECT, REPAIR and BEAUTIFY

During the summer, our hair is exposed more than usually to the UV light, salt and chlorinated water and mechanical aggressions. Whilst we will all be sure to top up the sun tan lotion, sun care shouldn't stop at your skin. It's important to remember that our hair also needs protecting when exposed to the sun. Kérastase has designed Soleil to provide sublime hair protection under the sun, sports activities, fab for the gym and swimming all year round. Please ask us for a consultation, product advise or treatment advise.
