

Holidays almost over.

Last Bank Holiday approaching.

New School Term in September.

We won't use the seasonal word but we have all sorts of new items arriving every day and ideas for the advancing seasons.

Plastic Microbeads, A THING OF THE PAST.

Our company houses only used natural grains. Check out Gommage Éclat Parfait by Guinot with shea microparticals or if you prefer an non-grainy exfoliator try Gommage Biologic, an extremely gentle exfoliating gel using natural fruit acids.

Masque Hydra Beaute, Masque Vital Antirides and our personal quick fix Masque Dynamist! Face masks should be used twice a week, they work deeper into the layers of the skin and achieve your beauty goal quicker. (free head band and make up brush)

Small but mighty! Concentrate Lift Eclat is a fabulous product that comes in two ampoules, with their ability to contain concentrated doses of facial shots, recommended for anybody; with its natural sugars that instantly lift and brighten the skin. Superb for an occasion or anytime, you can't believe the results.

A lot of women in this generation are turning to Botox and fillers, even young ladies in their 20's! We all reach a time in our lives when natural ageing starts.

Here, we are all about natural beauty and slowing down the ageing process with non-invasive techniques that do work! Whether your at a point where you may need a one off or a course of treatments, it is much better to look after your skin and appearance the natural way. Please ask about our non-surgical services and a consultation on products and advice instead of going under the knife, or injections.

Are you stocked up for holidays? While we have availability of trial sizes they are like gold dust! at least the manufacturers are listening.

As well as this, we have some amazing double sizes in stock in cleansers and toners and micellar water. Fantastic value while stocks last.
