

Find your haircare routine.

We'll help you to analyse your hair concerns and goals in order to discover the ideal goals in order to discover the ideal routine for your hair.

Lets start with the scalp! A clean healthy scalp will promote a healthy environment for optimal hair growth. Just like anti-aging skin care, exfoliation of the scalp is important to remove dead skin cells.

Next it's the hair. Conditioning hair is very important. Nobody wants to go out with a frizzy, dry and unhealthy hair. Conditioning hair prevents hair breakage and tangling as well as helps create soft and smooth hair. Each time you condition your hair, conditioning agents smooth the cuticle, providing hair that looks healthy.

Boost your scalp and hair growth with Cryo treatment.

GUINOT CROWN SALON

I would like to acknowledge the hard work and support of my fantastic team in looking after myself and all our fabulous clients while I have been recovering from a hip replacement. You will agree with me they are total professionals.

Excitement! Louse starts her MATERNATY leave 4th September.

We send Louise and her wonderful family love and best wishes for the impending addition of a baby girl.

Body preparation... Why not have a full body treat

Exfoliating doesn't have to be a chore...

Thalgo spa ritual body scrubs not only smells heavenly they also contain natural exfoliates to smooth and nourish the skin

Plus they're a great way to reclaim some "me time" now the school holidays will be soon over.

The Indocéane Sweet & Savoury Scrub combines sea salt, cassonade sugar, nourishing oils and citrus essential oils or a fresh scent, reminiscent of the Mediterranean.

Iles Pacifique.

Enjoy a journey to paradise with the remineralising power of Lagoon Algae\* and let yourself be swept away by the gentle aromas of monoï for an incomparable moment of escape and relaxation.

## Intimate Waxing

Do you desire long lasting smooth, hair free and silky skin? Using Peron Rigot's waxing products we are sure to give you 100% comfort, longer lasting results, 100% effectiveness and satisfaction for every waxing treatment.

With Thalgo's Biodepl post epilation range, you can enjoy longer lasting results of your waxing or epilation treatment. From anti regrowth concentrate for normal or sensitive skin to targeting ingrown hair solution. The products help to diminish the vitality of new hairs after waxing or depilation to slow hair regrowth.

Have confidence and book in with our fully qualified therapists to tackle your unwanted hair. Our therapists are specially trained to reach those hard to reach places which many are too embarrassed to ask about.

of new hairs after waxing or depilation to slow hair regrowth.

Hydra Peeling's objectives are: visible removal of age-related signs, recovery of skin luminosity and pigmentation spots.

Hydra Peeling with Hydra PH uses Phytic Acid while Hydra Peel with Hydrabrasion uses natural cellulose particles and papaya extracts. Hydra Peeling offers two versions of the peeling component, the first with Acid PH for all skin types and the second, gentler, for sensitive skin with manual Hydrabrasion.

This peeling Treatment, specifically designed for the feet, combines two effects: a 'peeling effect' that smooths rough areas on the sole of the foot and a 'regenerating effect' on the top and sole of the foot.

**Add to any pedicure treatment for £25 instead of £30.00.**
